As your student returns home for winter break, take some time to discuss living arrangements for the 2019-20 academic year.

Current students can choose to live on campus for the 2019-20 academic year, including some opportunities specifically for returning students such as single rooms in some halls and double rooms with private baths in College Hill Suites. Be sure to encourage your student to watch their email and Campus Living social media (@campuslivingecu) in January for our return process which begins in early February.

If your student is interested at living off campus, ECU Off-Campus Student Services provides a range of resources to prepare students for this important transition. Visit them online at: http://offcampus.ecu.edu.
