**Why our Student Employment Office ROCKS!**

The goal of SEO is to provide a centralized source of on-campus employment information and opportunities for East Carolina University students. We are providing an opportunity for practical work experience as a means of financial assistance while at ECU. New jobs are added daily and there are plenty of positions to choose from. To search for jobs, visit Student Employment at: www.ecu.edu/hireapirate.

**Fun facts**

- Studies show that students who work have a higher retention rate than students who do not work while in school – especially freshmen.
- Student employment teaches students professionalism, responsibility and helps them gain confidence. It’s also a great way to jump start networking to land a job upon graduation.
- Part-time work allows students to perfect time-management skills necessary for academic success while reducing the need for student loans.

**What documents are required to work?**

All employees must complete a Form I-9 (Employment Eligibility Verification) — including student employees. To complete this form, students must provide valid documentation. Xeroxed & Faxed copies cannot be accepted.
