Eight years ago, Campus Living began a scholarship program with the goal of nurturing future state and regional leaders. Toward that end, the Residential Scholars Program selects up to 20 students annually to award them a $4,000 stipend.

Through this program, these students are exposed to community and university leaders who share their life journey with the students in an attempt to broaden their perspective and encourage these talented students to begin to consider their future and the impact that one person can have on others, their community, and the state.

Campus Living is sponsoring a fundraiser to benefit student scholarships for the Residential Scholars Program. We are selling 1,008-piece ECU puzzles that feature iconic images of campus. Puzzles are $60 each (including tax and shipping), with net proceeds from each sale supporting our Residential Scholars endowed scholarship fund.

There are three designs for you to choose from: the pirate statue on the Mall, the Cupola, and the newly-renovated West End residence halls.

Enjoy putting together a piece of ECU with your family and help support student scholarships. There is limited availability, so visit the link below today to reserve your piece of ECU memorabilia.
